SKILLS

Android Development | Node.js | SpringBoot
Linux | AWS | SQL | MongoDB | ElasticSearch
Jenkins | Data structures & Algorithms | Git
Operating Systems | Computer Networking

PERSONAL PROJECTS

TooltipProgressBar
- github.com/Anuj-Kumar-Sharma/TooltipProgressBar
- TooltipProgressBar is an open-source Android library that can be used to add tooltips on the top and bottom sides of a ProgressBar.
- It can be added to any Android project using the the Gradle link.

Shuffler
- github.com/Anuj-Kumar-Sharma/shuffler
- Shuffler is an Online Music Streaming Android App that aims at shuffling the music playlist in the best way possible.
- It uses Machine Learning Algorithm known as Stochastic gradient descent to find the next song that is mostly likely to be played next.
- The music library is provided by the SoundCloud open source library.

DS-Algo - Open Source
- github.com/Anuj-Kumar-Sharma/DS-Algo
- It is an open-source repository containing important Java Concepts.
- The topics included are OOPS, Collection Framework, and Important Interview Questions.
- There are videos attached to each of these concepts as well to help students learn and understand better.

YOUTUBE CHANNEL

Anuj Bhaiya - 96k+ Subscribers
Making programming tutorials that teach students how to code efficiently. The topics include Data Structures & Algorithms, various Programming Languages, Interview experiences, and other technical topics.
